Building Web Page Http://www. \_\_\_\_\_

*By providing the information above we would like to apply for the **free installation** of OceanNet® high speed internet. It is our understanding that if approved MASHotspots.com will install wireless internet service as an additional option to our owners and guest. This service will cover the owner units and the common areas. We will also receive free internet service to our office, and the building/association will receive 7% of all login revenue to our OceanNet® system. We understand this system will be installed and maintained at zero cost to the building and Association and installation will be done in a clean and professional manner.*

Please review our application,
