Property Information:

Cost to have OceanNet® installed into building	Nothing $0.00

Before the installation of OceanNet® the Stores only options were Dial Up to get to the internet. The Historic Savage Mill was had to be done in a manner that did not violate the architecture of the building. After installation all of the property is now WiFi with price programs to accommodate both shoppers and store owners. This includes all 17,500 square feet of the buildings. This installation was accomplished with zero (0) cost to the owner of the property.
